It's time for the Oregon Intergroup Inventory

This is a chance to review our assets and our deficiencies. We need to look at what's missing, what's overdone and what could be improved for Oregon Intergroup. We need all of our members, whether you attend Intergroup or not, to help us get better together. We care what you think. We want your ideas.

Pre- Workshop

1. Please complete the Group Inventory survey. [Click here to go to the survey](#)
2. Put on your thinking caps to be ready to dive into concrete ideas for ways to support recovery, help our meetings and carry the message.

Process for the workshop

We will review the survey results. Breakout rooms will allow in depth discussion of functionality, 12 Step Within and Carrying the Message.
